Lorraine and Christopher wish to thank Marcela, Claudia, Heather and all their associates at FABAIC and Silly Farm for giving us this once in a lifetime opportunity to work with such a multitude of talented artists. We owe great thanks to the many people we are unable to name here, including staff, stage crew, makeup and hair assistants whose support and backstage work were essential to the success of our presentation. Finally, we thank the artists and performers for allowing us to direct their individual creativity within our collective vision.
